

Introduction to Minitab (18)

1 Day Programme

19th June 2018

The aim of this course is to give delegates an introduction into Minitab. This exclusive opportunity will enable the delegate to utilise Minitab effectively before considering embarking upon a two day Advanced Minitab Programme.

- Introduction to the user interface
- Data entry
- Analysis (Project) and Data Management – Saving, Editing and opening files
- Completing basic data analysis
- Describing a process statistically
- Unique Minitab analysis
- Process Stability (SPC)
- Process Capability Studies
- Introduction to advanced Minitab techniques

Pre-requisites

Delegates will need access to a laptop and a copy of Minitab Version 18. A trial version is downloadable from www.minitab.com.

Accreditation:

The Institute of Six Sigma Professionals (ISSP) have accredited this programme and certificates will be issued by the ISSP for all delegates who complete this one day programme.

Cost:

£150 +VAT per delegate (Includes electronic copy of all training materials and refreshments)

Booking: To book this course, or enquire about further details, please contact Ceri Aston via email on: ceri@isspro.co.uk, or call the ISSP on: 01633 271401.
